THE TOWN RECORD

By MONTE DAYTON

After Cop Chief R. A. PETROCCHI had recommended to the council that officer DAVE JOHNSTONE be promoted to inspector, citing qualifications necessary for that position as: "energy, persistence, courage, resourcefulness, initiative, intelligence, imagination, alertness, discriminating observation, memory and judgment. . . ."

Councilman JOSEPH VERDUCCI piped up: "If it takes all that to be inspector, I wonder what the qualifications are for chief."

The chief, seated in the rear of the council chambers, had no comment but it would be a good bet that a Funk and Wagnalls dictionary might be one of them.

Don't be surprised if your water bill's late this month.

This is due to the late mailing of statements (which are compiled and edited by a machine).

Howsomever, your discount period will be extended up to and including Feb. 24.

Pheasant under glass: A former Biltmore chef, RICHARD RICHARDS, will take over one of the top o'the hill eateries soon, after alterations . . . the eatery, not the chef, that is.

Name of a name: Among new Daly City residents are PAUL YDE (pronounce it "Ide"), of 222 Los Olivos. Then for history we've got JOHN DALY, namesake of ye fair city, who's moved to 75 San Joaquin avenue.

Lastly, there's REPUBLICAN LUCCI, 745 Bellevue, who might well register himself everytime he signs his name.

Tropicana: Back from the Florida glades again this year are MR. and MRS. A. R. CAMERON, longtime Daly Cityites since transplanted to Tampa.

They're visiting with her mother and father, MR. and MRS. PERCY HAZELHURST, 274 Miriam.

Also junketting with the Camerons are their sons, JACK, 13, and RAYMOND, 13.

They'll depart Monday, after renewing their many friendships here. Both Camerons are Jeff grads. She was the former CATHERINE LOOMIS.

Councilman JAMES KENNEDY and ye chief of gendarmes here will team up soon in a donnybrook of a golfing session against SF's leading cop, MICHAEL GAFFEY, and a partner yet to be named.

You can bet that the North American Ballflinger (scientific name: illegitimi propellus), as LOU GRANT so aptly phrases it in his Audobon's American Golfbirds, will be watched with great care in this contest of officialdom, law and order.

WATER WORKS MOVES MONDAY TO NEW OFFICE

Starting Monday, transactions with the city water department will no longer be handled at the city hall.

Water workers moved today to their new office, 6434 Mission, and will be open for business Monday.

QUESTION CAR THEFT SUSPECT

Lincoln Brumett, 20-year-old ex-GI who was charged by police with stealing the automobile of his best friend here last week, was brought to Daly City police headquarters yesterday (Thursday) for further questioning on the alleged theft and two unsolved burglaries.

Brumett was picked up Friday at his father's home in Anaheim, Orange county, after departing Tuesday hurriedly from the home of his friend, Robert Andrew Schwindt, 23, of 49 Mission Circle, allegedly taking the family car and personal belongings amounting to more than $200 in value.

Police also seek to question Brumett about two burglaries on Mission street which coincided exactly with the time of his departure.

Brumett had been living with Schwindt and his parents, Mr. and Mrs. Andrew Schwindt, since December and was the younger Schwindt's best buddy, as well as being a close friend of his parents.

Only charge filed against Brumett so far is the stolen car count, said Inspector Dave Johnstone.

However, Johnstone was scheduled to question Brumett yesterday afternoon regarding the two burglaries which netted more than $200.

Victims were the Shannon Hardware, 6730 Mission street, which lost $209, and the Spud Nut Shop, 6714 Mission, where $3.50 was taken. An unsuccessful attempt to burglarize the Vista Grande market, 6350 Mission street, was the same night.

Meanest Thief Gets Money From Invalid

A candidate for meanest thief visited Daly City over the weekend, stealing $30 from the car of an invalid confined to a wheel chair.

Arthur Taylor of San Francisco told police he parked his hand-operated vehicle at 6055 Mission street Saturday night and went in to an adjacent tavern.

He began talking to a man, identified then only as "George," and they got around to discussing pinball machines.

The invalid told "George" that he had a lot of small change in his glove compartment, receipts from the machines.

Taylor said that about 11 p.m. the man, who said he was employed by Dolan Wrecking Co., left. When Taylor returned to his auto he found the glove compartment forced open and the money gone.

Police are attempting to locate the man, known as "George."

CLUBHOUSE PLAN IN FINAL STAGE

Planning on the Westlake clubhouse was in the final stages this week as recreation officials completed plans to be presented to the Doelger firm.

Recreation Director James Mason met with Jack Kendree, representative of the Doelger firm, yesterday, to discuss the floor plans for the 55 x 70 ft. structure to be located at the northwest corner of the proposed Westlake park.

The two men will meet with Henry Doelger next Thursday for final discussion on the layout.

The plans, as drawn up now, call for a modernistic building containing the following facilities: Kitchenette, back porch, assembly room (with a capacity of 100 persons), storage room, office, nursery, fireplace, lavatories and (tentatively) showers.

The clubhouse, to be built and donated by Doelger, will be approximately 300 yards north of the firehouse now under construction.

The Westlake park also came a few steps nearer realization this week as final plans are being prepared by Mrs. Cecilia Mogensen, professional playground planner.

The ground-use plan should be ready within a week, Mason said.

Tennis, basketball and volleyball courts will be located on the north end of the park site. The recreation commission has definitely decided to have both hardball and softball diamonds.

Other facilities at the park will be: picnic areas, barbecue pits, tiny

Marriage Counselor Relates Experiences

Mike Stevens Andro of Palo Alto appeared before the city council Monday night with a simple enough request—he wanted to be granted a business license to open a marriage counselling bureau here.

"And what is the purpose of this counselling?" asked Mayor Anthony Gaggero.

"I talk to people about their married problems and try to stop so many divorces," the applicant answered, irritated, as if this fact should be obvious to everyone.

Councilman James Kennedy asked Andro, "What are your experiences in human relations? What are your qualifications in medicine and psychiatry?"

"None," answered Andro, looking apologetic for his lack of bringing-up.

"What training have you had in this field before coming here," the Mayor queried.

"Well, your honor," he said, "I worked five years in a body and fender shop in Oakland before moving to Palo Alto last month."

"Application denied," the councilmen said with distinct and unanimous approval.

OK CANDY CONCERN ZONING

Re-zoning of land in the Schoolhouse Land association to Industrial classification to make way for a national candy manufacturing concern's plant was given the go-ahead Tuesday night by the planning commission.

The area, between Werner and Station avenue, just off school street, had been zoned C-1, light commercial.

The planning commission's action must be approved by the council.

Ed Garibaldi, of 1 Cliffside drive, owner of the land up for re-zoning, appeared before the commission with a drawing of the proposed two-story candy manufacturing plant. He would not identify the company other than as a "national concern."

According to Garibaldi, the plant will employ about 30 persons, and off street parking will be provided for. The parking area, to be located west of the building, will be 25 feet by 125 feet in size.

Technical listing of the property concerned shows it at Lot 10, Block 5, Schoolhouse Land association, and northerly 30 feet of Lot 9, Block 5, in the association tract.

Sanford Vickers, secretary of the commission, said the re-zoning would probably come up for council consideration Monday night.

In other business Tuesday, the commission:

1. Recommended to council the acceptance of proposed plans for the Westlake Baptist church at Southgate and Elmwood drive. The building will be of the same heighth as homes existing in the area, so as not to hinder the view. Additional land for off-street parking has been provided for.

2. Aproved re-zoning of property on Antonio and Annie Vallerga at Second and Market streets from R-1 to R-3 classification. No writ-

Two-Hour Parking Limit On Mateo

A two-hour parking limit in a residential area was approved Monday night by the city council, marking the first time in the city's history that such a law has been considered.

Recommendation of the police commission was that Mateo avenue, from Market street to Vale street be subject to a two-hour limited parking. Reason given was that heavy commercial parking in the area made it impossible for residents of the area to park their vehicles.

Face New Delays On Brunswick Extension

DOELGER DONATES SITE FOR DC SEWAGE PLANT

Calling of bids for construction of a $600,000 sewage treatment plant to be located in Westlake and announcement from Henry Doelger that he would donate the 1.5 acre site for the plant took place simultaneously Monday at a meeting of the sewage district's board of directors.

James Kennedy, president of the North San Mateo County Sanitation district, said yesterday that an equitable agreement had been worked out between the district and the Doelger firm.

Negotiations for purchase of the property, located north of Alemany boulevard at its intersection with Lake Merced boulevard, had been in progress during past weeks.

Doelger decided Monday to donate the land to the district. Estimated value of the property is $6000.

Previously, Doelger had sought permission of the district to install a canopy over certain district easements located in the shopping center.

After consultation with the district's attorney, the board members agreed to allow installation of the canopy. The attorney said such practice was followed in similar situations in other sewage districts.

Kennedy said, "The district was very fortunate to receive this property."

Bids for the treatment plant will be opened on March 8 at 2 p.m. in the district office, 7328 Mission street.

Contractors who wish to pick up plans and specifications may do so between the hours of 8 a.m. and 12 noon at the district office.

Tuesday the sewage board rejected all bids for sale of bonds on the plant. Kennedy said that of five bids submitted, three had used one formula, while the other two had arrived at their figure through use of a different formula.

Bids will be re-submitted Monday, Kennedy said.

THREE YOUTHS IN SPORTS MISHAPS

Three Daly City youths were injured this week while participating in or observing recreation activities.

The first incident occurred Friday night at San Mateo high school, following the Jefferson-San Mateo basketball game.

Robert Pool, 16, 744 Bellevue avenue, was taken to Junipero Serra hospital for treatment of minor hurts after walking into a window after leaving the game.

James McKenna, 12, of 73 Windsor drive, was hospitalized Saturday after falling to the floor of the community center while playing basketball. The youth struck his head on the floor and stitches were taken to repair the cut.

Sunday an eight-year-old youngster was knocked unconscious when he fell from the sationary parallel bar at Lincoln playground.

He was Leland Rowe, 175 Winchester street. Two youngsters, Gary Sanfilipo and Larry Kelly, rushed Rowe to his home after the accident, and the youth was later taken to Junipero Serra hospital for treatment there.

RIGHT, WRONG SPOT FOR EVERYTHING

There's a right and wrong place for everything.

Floyd Neal Dodd, 41, of San Francisco discovered this old platitude himself Tuesday evening.

Dodd, described as thoroughly drunk, picked an argument with Jack Falc, 1270 Brunswick street—and right in front of the city hall.

Police had only to walk leisurely out the front door and transport Dodd a few feet to the comparative quiet of the city jail.

He was released Wednesday morning after weathering out the effects of his over-imbibing.

CITY EMPLOYEES SEEK CHANGE IN SICK LEAVE LAW

A change in sick leave regulations that would give city employees more accumulated leave was referred to the city attorney by the council at their meeting Monday.

The Daly City Employee's association asked the council to change leave regulations so that 12 days of sick leave would be accumulated annually if not used by the workers.

Under the present system, even if an employee has 12 days leave coming after one year, six of the days are dropped after the year.

With the proposed change, the 12 days a year would accumulate, making it possible for an employee to build up the maximum of 90 days leave after seven and one half years.

JOHNSTONE NAMED POLICE INSPECTOR

Officer Dave Johnstone of the Daly City police force was promoted to the position of inspector by the city council Monday night.

The promotion was made on wholehearted recommendation of Police Chief Roland Petrocchi.

Petrocchi pointed out that at present the police force is without the services of an inspector.

Johnstone's position will go into effect Tuesday. He will receive a salary of $415 monthly.

Daryl Hall Much Improved Today

Daryl Tillman Hall, 15-year-old Jefferson High school student who was hit by a car three weeks ago on Alemany boulevard, was reported "coming along pretty good" by his mother today.

Mrs. Clyde Olsen, 170 Los Banos avenue, has been maintaining a 12-hour a day vigil at her son's bedside since the accident.

The boy regained consciousness for the first time this week and is now able to feed himself, Mrs. Olsen said.

Hall went into surgery yesterday (Thursday) morning at Franklin hospital for a leg operation. Physicians were to sew his smashed knee tendons together.

It was learned, however, that the youth won't need brain surgery. Mrs. Olsen said, "The doctors said he's coming out of it so well that it won't be necessary."

Hall's father and younger brother joined Mrs. Olsen at the hospital Wednesday. Hall was able to converse brokenly with his family but his talk was still a little incoherent.

New DC Poundmaster

Charles Maschinot, 605 Crocker avenue, has taken over duties as Daly City poundmaster.

He replaces Albert Perada, who is now with the water department.

Maschinot's position became effective February 1.

Council Takes Firm Stand On Santa Barbara Complaints

The city council made decisive stand Monday night on the question of complaints about a dwelling on Santa Barbara.

Several residents of the area had protested that the building at 416 Santa Barbara was "dangerous" and improvements there were being made without auspices of necessary building permits.

Building Inspector George Hopman said that as far as the owner, H. R. Miller, had progressed in improvements, he was abiding by the city building code.

City Attorney Frank Blum summarized the council's stand: "The council, as laymen, are not qualified to say whether a building is or isn't conforming to building standards. This decision falls in the hands of the building inspector, who is a man qualified by experience and education in the field.

"If he says the building is conforming to the code, the council's logical stand is to back up his decision."

Blum told David McKee, 420 Santa Barbara, one of the three complainants present, that he would have to show the council "authoritative proof" that the foundation and other parts of the structure were hazardous.

The attorney suggested that McKee retain the services of a structural engineer, who would be qualified to comment on the state of the building.

Sundermann Quits Presidency On DC Library Commission

Henry Sundermann Sr., president of the library commission since its beginning nearly two years ago, submitted his resignation to the council Monday night.

A former Daly City councilman, Sundermann has been active in community affairs since the turn of the century.

The resignation will take effect March.

The councilmen accepted "with regret" Sundermann's resignation, and instructed the attorney to draw up a resolution of official commendation.

Filing To Start For Broadmoor Police Commission

Nomination papers for persons wishing to run for one vacant Broadmoor police commission position are now available, the commission announced Wednesday.

Papers may be obtained from Chief Ray Savage or Commissioner Joe Belli. Deadline for filing is noon, February 24.

Position of Frank Corso, chairman of the commission, is the one expiring. Remaining in office will be Belli and Val Olsen.

The election will be held April 5.

The commission also announced this week that they had purchased a new police vehicle from Neville Motors at a price of $2200.

Filing For Council To Start Monday, Feb. 15

Candidates may begin filing nomination papers Monday for three city council positions that will be voted on in April.

Deadline for filing is March 4 at 12 noon. To date no one has taken out nomination papers at the city clerk's office.

Incumbent councilmen coming up for election in April are Mayor Anthony Gaggero, James Kennedy and Paul Green.

HOLDS BIDS AGAIN; THIS TIME THEY ARE ALL TOO HIGH

Awarding of contract for construction of a retaining wall on Brunswick street extension, already delayed several months, ran into another technical "wall" Monday as new bids submitted were far in excess of engineer's estimate for the project.

Ironically, the lowest bid submitted was that of Bernal Construction Co. of Brisbane, the company that was indirectly responsible for rejection of all bids on the work submitted in December.

At that time the company submitted a figure of $9935, beating out the closest competitor by nearly $10,000, and going nearly $7000 under the city engineer's estimate for the job.

Later, however, company officials said they had made an error in computing the bid. Thus, the council was forced to reject all bids and re-advertise.

Bernal forwarded a bid of $19,935 Monday night, making them nearly $15000 lower than the closest bidder, Oscar G. Holmes, who submitted a price of $21,350. The seven bids submitted ranged to a high of $38,290, entered by J. Henry Harris.

However, city engineer Edwin Smith said even Bernal's bid was way over his estimate of $17,000 for the job. Since the state is to participate financially in the project, the lowest bid must not be more than five per cent above the engineer's estimate. In this case, the winning bid was about $2900 over Smith's figure, or approximately 15 per cent.

The council has 15 days by law from the time of opening bids to awarding contract.

Decision was made to adjourn the regular meeting to Monday, so the matter could be taken up again at that time.

LORRAINE ROLLANDI IS NAMED LIBRARIAN

Lorraine Rollandi, Daly City librarian for the past year, was named permanently to the position Monday night by the city council.

Mrs. Rollandi completed her one-

year probationary period on January 16.

The council voted unanimously in favor of making her position permanent, as recommended by the library commission.

Mayor Anthony Gaggero extended Mrs. Rollandi the council's congratulations and extended wishes that her tenure at the library would be a happy one.

BURGLARS BREAK INTO CALLAN'S HOME

Even county supervisors aren't immune from the wave of burglaries that has hit this area in past weeks.

Supervisor Thomas J. Callan told sheriff's officers Tuesday that his home at 200 Washington street, Colma, was broken into while he and Mrs. Callan were visiting in Los Angeles.

Callan said the home was ransacked, but apparently nothing was taken.

Entry to the Callan residence was gained by jimmying open the rear door, same method used in two recent Colma burglaries.

Rec Commissioner Opposes Thornton As City Park Site

Edmund Cavagnaro, head of the Daly City recreation commission, said yesterday that his group would meet with the city planners in March to discuss the acquisition of Thornton beach as a city park site.

However, Cavagnaro voiced himself against the plan, saying, "the city already has too many projects underway to undertake another one."

The commissioner said he thought the state or county should take over the area for a park.

"The cost for supervision alone would be too great for the city to handle," he added.

Special Services At St. Francis For Boy Scout Week

St. Francis Episcopal church, San Fernando Way and Ocean avenue, will hold special religious services this Sunday (Feb. 14) in honor of Boy Scout Week, now being observed here and throughout the nation in honor of the 44th anniversary of the Boy Scouts of America.

Rev. Edward M. Pennell, Jr., rector of the church, who will conduct the Scout Week service beginning at 11:00 a.m., has extended an open invitation to Boy Scouts of Episcopal faith from all parts of San Francisco to attend.

The service will begin with a procession of uniformed Scouts from Packs 1, 36, 143 and 248, Troop and Explorer Post 98, and Troop 88. The church sponsors Pack 1, Troop 98, and Post 98. Pack 36 is sponsored by a group of parents, Troop 88 by the Forest Hill Association, Pack 143 by the Southern Pacific Post, American Legion, meeting at West Portal school, and Pack 248 by the Westlake Improvement Association.

The boys will assemble in the patio and march into the church to hear a special sermon dealing with Scouting, delivered by Rev. E. James Kingsley, Jr., Chaplain, U. S. Air Force.

Lessons from the scripture will be read by Scouts John Pillsbury of Troop 95 and Allen Marsh of Troop 98.

Merced Scouts To Visit Navy

Some 229 boys and 49 leaders from nine Scout Units in the Lake Merced District of the San Francisco Boy Scout Council will join an estimated 5000 Bay Area boys in a day-long visit to the San Francisco Naval Shipyard at Hunter's Point Saturday.

The shipyard is opening its gates to the Scouts for the sixth consecutive year in honor of Boy Scout Week, the 44th anniversary of Scouting in America, now being observed here and throughout America.

Highlight of the day will be a ceremony at 1:30 on the flight deck of the USS Kearsarge, 27,000-ton aircraft carrier which returned two weeks ago from operations in the Far East.

The rest of the day will be devoted to inspection of the Yard's facilities by the Scouts. Three typical fighting Navy craft will be open to visitors—the submarine USS Dentuda, the cruiser USS Vincennes, and the USS Kearsarge.

In addition to touring the ship repair and drydock areas, Scouts will observe drill competitions by Navy and Marine drill teams, and will join in a parade through the Yard, led by the Department of the Pacific's U. S. Marine band.

Attending the open house from the Lake Merced District will be: Troop and Explorer's Post 40, sponsored by Golden Gate Post No. 40 of the American Legion; Pack 61, sponsored by the Parents' Club of Daly City; Pack 50 sponsored by the Pilgrim Congregational Community church; Pack 63, sponsored by the Parents' Association of 420 Winston Drive; Troop 88, sponsored by Forest Hill Association; Troop 123, sponsored by Saint Emydius church; Pack 143, sponsored by Southern Pacific American Legion Post No. 412; Pack 248, sponsored by Westlake Improvement Association; and Pack 241, sponsored by Westlake Parent-Teachers association.

Pansies Leading Bedding Plant

Pansies are the leading bedding plant in California nurseries according to the California Bedding Plant Advisory Board and many are the reasons for this high degree of popularity. At this time of the year one of the most important reasons is apparent when we see the beautiful shining faces of some fresh dug field grown pansies. This appealing show of color is available in a very short time by planting out a flat of Pansy transplants.

The main contribution of bedding plants to the garden is quick color. Other factors are the variable and lively colors. Pansy plants live up to all three—color is yielded quickly—color is easily varied and color is good and lively; but above and beyond this, Pansy color is gay, charming and intimate with variations to suit all moods and desires.

For the color schemer Pansy plants are available in solid colors such as blue, yellow, red, white and rose. All pastel mixtures of dark faced Swiss strains are available, or the very popular large flowered Jumbo strains.

$2,000,000 WORTH OF GARBAGE

Adding weight to the contention that San Mateo county has existed as a combination bedroom and dump for San Francisco county is the latter city's plan to foist upon this area a lavish and labrynthian hotel for the opulent who get off at their airport.

As it now stands, this county is housing all the less desirable San Francisco facilities.

To wit, they've stuck their airport down here, their water system and last, but hardly least, their county jail.

Now they want to impose upon the generosity of this county and its business people to the extent of leasing airport property for a $2,000,000 hotel that will feed on the tourist and transient dollar like a sow at trough.

The ointment used to perpetrate this move, which would be highly unsound on the part of San Mateo county, is the fact that this county would realize a few thousand bucks in extra taxes each year.

If San Mateo county is going to have to sustain itself solely on paltry property taxes from San Francisco's big dollar making enterprises and lesser unsavory facilities, it's high time for ous all to pack up and get out.

We say thumbs down on the hotel! Let them put it down on Third and Howard streets and make themselves a few bucks in property taxes.

ESCAPING THE LANDSCAPING?

Since energizing of the PG&E sub-station in southern Daly City took place more than two months ago, it seems out of joint that work on landscaping the electrical power plant has lagged so long.

When PG&E presented an artist's conception of the plant, about a year ago, all who viewed it were impressed by its aesthetic genius and floral abundance.

Now these same people are distressed by lack of this magnificence.

Work on the plant has been in progress a good six months.

At the outset, PG&E officials said the important thing was to get the plant in first, with the frills, naturally, to come later. That seemed logical enough.

But, in speaking with these same officials two months ago, we were given to understand that landscaping work was "just around the corner."

There's going to be a lot of disgruntled citizens—and the PG&E, an organization generally on its toes in the art of public relations, is going to find out they have slipped up if the sub-station flora isn't what it was cracked up to be.

My Mad World

By Leonore Brewer

PALMER HOUSE, CHICAGO — (Weather report: snowing.)

One of life's most fondly held delusions is that home has a corner on culture. Thanks to the indomitable spirit of a Chicago friend who glows at the drop of the word "museum," and who possesses an educator's ability to bring them to life, I am weary but still living proof that Chicago, too, has a large corner, which time permitted us to touch only lightly.

If you are fimiliar with the various depositories of man's cultural progress scattered widely throughout the city, you will realize just how light the touch was when I tell you that we "did" the Chicago Museum of Natural History (formerly the Field Museum) and the Museum of Science and Industry in one day, taking time out for lunch and transportation.

Of the two, I found the Science and Industry building the more stimulating, but am too tired at the moment to think of a simile more original than likening it to a beehive of activity. Many of its scientific displays were wasted on me, but I enjoyed its old engines, streets cars and the reconstruction of a 1910 street in Chicago, complete with nickelodeon. What was playing? Charlie Chaplin in "Laughing Gas."

One of the Science building's great tourist attractions is its coal mine. For those of you who feel that questions at places like this reveal character, mine was, "How much does that undercutting machine cost?"

The operator of the marvelous mechanism for extracting more with less labor was unable to tell me.

Helen Traubel is at the Chez Paree. We passed by with a quiet shudder on the other side of the street.

Around the corner is Bea Lillie, an Alstair Sim film whose title escapes me, and the Gilbert & Sullivan picture.

We felt we could wait for these to come to San Francisco, and since we had "done" the Chicago Historical Society another day, together with Marshall Fields', only one thing remained—The Art Institute.

Time is short, but inspired by my guide's words that is is better merely to walk thru a gallery than never go at all, my ever-willing spirit has finally persuaded my feet that they can do it.

Safety News From Your Local Police

OBEY FIREMEN

A motorist should comply with an order, signal or direction given by a member of a fire department in the course of his duties to protect fire fighting equipment and personnel in the absence of a police officer.

Under a new state law, a fireman wearing his official badge or insignia has authority to prevent motorists from driving over fire hoses or obstructing movement of equipment and personnel, particularly when the fire fighting paraphenalia has been returned to the station and is being cleaned and put in order.

A properly constituted fireman has a certain limited traffic authority therefore, to carry out necesary departmental work when a police officer is not present, and it is unlawful willfully to disobey his bidding under such circumstances.

Speed Law

California's basic law requires a speed which is reasonable and prudent in view of traffic, weather and road conditions and in no case endangers the safety of property or persons.

Almost one-third of all arrests are for excessive speed, a major factor in the highway death and injury toll.

Accident Report

Total: Five accidents.

Breakdown: Two auto-auto; one auto-pole, one auto-horse; one auto-bike; one male, one female injured.

Attorney Jenkins Says He Is "Definitely Not" Assemblyman Candidate

Tom Jenkins, attorney from Broadmoor, announced yesterday that he was "definitely not a candidate" to run on the Democratic slate for Assemblyman from the 25th district.

Jenkins had been considered among the half-dozen north county Demos to face incumbent Daniel J. Creedon, Republican, in the June primaries.

Although he has no intentions of running and does not want himself considered as a candidate by the county Democratic convention, Jenkins said he would give full support to the individual named by the party to oppose Creedon.

LIVESTOCK ON HIGHWAY

If you meet or overtake any animal or livestock, you must reduce the speed of your vehicle or stop as may be necessary or may be requested by any person in charge of the animal or livestock, the California State Automobile Association says.

TB Board Expresses Appreciation

Dear Mr. Bradshaw:

On behalf of the board of directors and staff of the San Mateo County Tuberculosis and Health Association, may I express appreciation to you for the generous amount of space you gave us for publicizing the 1953 Christmas Seal Sale.

Our 1953 sale, while not yet completed, has been running about $3000 higher than the 1952 sale, and we think the publicity in The Record was a contributing factor to this successful campaign. We hope that late returns will bring in enough to reach our goal of $65,000, which is needed to finance our program of tuberculosis research, education, rehabilitation, and case-finding for the coming year.

Sincerely,
Mrs. Jay R. Semelman,
Publicity Director

Says 90 Per Cent Of County Lawyers To Back Judge Cotton

Robert J. Dell 'Ergo, president of the San Mateo County Bar Association and co-chairman of the committee for reelection of Superior Judge Aylett R. Cotton said today that 90 per cent of the county's attorneys have pledged support for the veteran jurist in his campaign for a fourth term at the June 8 primary.

Dell 'Ergo is serving with former San Mateo Judge Francis W. Murphy and Saul N. Ross, vice president of the bar association, in Judge Cotton's reelection campaign.

Pointing to the superior court dean's distinguished career of dedicated public service, Dell 'Ergo said:

"Rarely has man in public life achieved such a high degree of respect among members of his profession. It is a tribute to Judge Cotton who has maintained the confidence of lawyers and private citizens alike during his 19 years on the bench.

"More than 150 lawyers representing every community in the county have volunteered their support of Judge Cotton in seeking a new term."

YOUNG ROBBERS HOLD UP LADY GROCER; GET $67

Vista Grande grocery, 201 Vista Grande avenue, was the victim of the fourth Daly City store robbery in two weeks Monday night as two young gunmen held up the owner and escaped with $67.

Mrs. June Fletcher, proprietor, told officers she was sitting in living quarters at the read of the store when two youthful looking men entered.

"This is a hold-up. I won't hurt you. Where is the cash register?" said one man, brandishing a small black automatic.

Mrs. Fletcher showed the robbers the cash drawer under the counter and they scooped out all the money.

The men then ordered Mrs. Fletcher into the back room, telling her to wait there five minutes.

Spying the lady's purse on a table, one robber took $7 from it.

Then they cut a telephone wire so Mrs. Fletcher could not summon police.

They made good their escape, as Mrs. Fletcher was unable to contact police for about 10 minutes. She said she did not hear a cra start and did not know which direction the robbers had fled.

SEAGRAVES SAYS HE'S DEFINITELY IN DA CONTEST

Roy W. Seagraves, prominent Peninsula attorney, announced today that he will definitely be a candidate for the office of District Attorney of San Mateo county at the June 8th primary election, putting an end to rumors that he would be a Congressional candidate.

Seagraves, who is forty-four years of age, has a record of more than twenty years experience in the practice of law. He was a Deputy District Attorney for two years prior to World War II and served two years as a Municipal Judge before entering the Marine Corps in 1942.

Seagraves' three year war record includes two years of combat duty with the Marine Corps in the South Pacific throughout the Solomon Islands campaign, as an Air Combat Intelligence Officer.

As a Deputy District Attorney he personally prosecuted many felony cases including embezzlement, murder, rape and arson, as well as many other crimes.

Seagraves is a graduate of the University of Washington Law school and is admitted to practice before all of the federal and state courts in the States of California and Washington. He is the author of a book, "International and Business Law," which is still in use by Pan American World Airways at all of its bases, foreign and domestic.

Seagraves is now serving as Attorney for the Coastside County Water District, a public corporation of San Mateo county.

Seagraves is a member of the Burlingame-San Mateo Kiwanis Club, San Mateo Elks and Burlingame Post of the American Legion.

He lives with his wife, Audrey, their two children, Dorna and Gordon, and their beagle dog, "Gravy," at 2109 Ray Drive, Burlingame.

Balsam fir ranges from Newfoundland to the Canadian northwest and as far south as the Appalachian Mountains in Virginia.

Mason To Attend Rec Confab In Santa Rosa

James Mason, local recreation director, leaves Sunday for the Sixth Annual California Recreation Conference in Santa Rosa, which will last through Wednesday.

Problems of the modern atomic age with increased leisure and delinquency in our changing economic world will be highlighted by exchange of ideas with professionals and volunteers working together.

COMMUNITY PRIDE

Clean highways and streets reflect community pride and alertness, states the California State Automobile Association. Motorists should help keep streets and highways unlittered by not tossing trash out of car windows.

YOUR NEIGHBORS AND MINE

By Betty Brush

Hello Neighbors:

From what I have heard Spring isn't really due for another five weeks yet. Nevertheless from all the blossoms on the cherry tree and the many robins and other birds that are gathering in the yard plus all the sunshine we are having, it must be Spring. Spring has always been heralded as the season of new hopes and these we can surely use. Next week is Valentine's Day and will also bring many other activities so I had better get on with last week's news for all the folks.

First of all to really start the season off and also to have a real good time with all the neighbors, let's all go to the dance tomorrow night (Feb. 13) at the OLPH School hall. Appropriately it is called the Sweetheart Dance. The music will be by ANGELO FERRIGNO and his orchestra and the cost will be only one dollar per couple. As per usual there will be refreshments at minimum prices. All those who have attended the dances sponsored by the MEN'S CLUB of OLPH church know just how much fun is had. The rest of us are really missing a lot of fun so let's GO TO THE DANCE. See you.

Visiting one of the neighbors last week was one of the folks who a few years ago lived among us. MRS. ANN O'ROURKE plus Maureen, Sharon, Micheal, Tommy and Francis just had to come up and crow because Capuchino High of Millbrae had beaten Jeff in basketball. The four oldest O'Rourkes all went to OLPH and still have many friends in our town. Just ask many of the fellows and they'll tell you that they haven't forgotten the girls at least.

Items of Interest

Birthday greetings are sent this week to MRS. LEONA LOMBARDI who celebrated the event on February 8 by working as usual at her shop at the top of the hill. She was greeted on her arrival home by a family get-together consisting of children and grandchildren. All in all she really had a grand birthday. The neighbors would all like to wish you happy birthday too, Leona.

MRS. CLARA POKET of Mission street is one of the neighbors that weather, time nor tide can keep at home. Last week Clara packed up her duffel bag with all the usual paraphenalia and took off to San Jose with MRS. ANITA WOODS to balance the books for the VFW. This was not just for one organization but for the whole 12th district. Wonder if it would do my books any good if Clara balanced them. That would really be a job!

Friends and neighbors in the Los Olivos area are really most happy to welcome back to our town one of the nicest young couples. MITCH and HELEN STEWART, the erstwhile HELEN COOPER, have decided that there is no place like home and home is Daly City. How true. They are also to be congratulated on the event of their second wedding anniversary which they spent with family and friends. Welcome home, kids.

February 11 brought a birthday to MRS. EILEEN LEHIGH of Crocker avenue. Eileen is Past President of Old Glory auxiliary and is well known and loved by all. She had a fine birthday being greeted not only by friends but by her children and of course the grandchildren who came to wish grandma Eileen a happy birthday. A happy birthday from all of us to one of the nicest of neighbors.

This is really being a neighbor! MRS. ASHLEY, mother of MRS. CHARLOTTE ARCO of Los Olivos avenue, has left for Chicago. Why? To help out her family back there who have had really more than their share of sickness. Seems one member of the family was in the hospital and another one, in going to visit her, fell and broke her leg. All will be under control when Mrs. Ashley gets there and she will stay until all are well again. Congratulations to a grand neighbor.

Bowling for the ladies of the EAGLES AUXILIARY, No. 1848, is not only fun but something to really be proud of. Their team, composed of Mesdames ALBERTA DEIBEL, BRETTA MORRIS, CAPT. DONNA ALMQUIST, MARY VOBRIL and MILDRED KALINEN, are still leaders in their league. Bretta Morris bowled her over-200 game the other night and got her pin to match the rest of the gals. Congratulations, gals, and keep up the good work or shall we say fun.

Servicemen

MRS. LOUISE COOPER of Winchester street said goodbye to her nephew last week. Staff Sgt. WALLACE SMITH of the U. S. Air Forces left for Tokyo, Japan. Word from him will be anxiously awaited by his wife and baby who are going to follow as soon as he can make arrangements for a place for them to stay. Let's hope it won't be too long until they hear.

Friends of SGT. DALE PAISLEY of the U. S. Air Forces, who has been so ill in Parks Air Force Base hospital, will be very glad to hear that he is now out of danger and well on the road to recovery. It has been a long seige and Dale, with the patience of all members of the armed forces, is glad that it is almost over. We all hope to see you home on leave soon, Dale, and are glad that you are better.

From Greenland's icy, and I really mean icy, too, mountains came a letter from A/2c ANDY ANDERSON last week. Andy writes that he is one of the 3300 lost and seemingly forgotten souls on top of the world. At the moment they were having a phase two wind which means they fasten down everything that they can and then wait. According to Andy these winds always come when one is off duty which means one stays in the barracks and listens to the wind howl and prays that no plane gets into trouble. Wind or no wind the Air Rescue Squadron lives up to its name and that's what Andy is doing.

From the opposite end of the world and one of the warmest places in the Pacific comes word from A/3c "MAC McDONNELL. He could use a little of Andy's snow as it is very hot there at the present. His base is not a big one and life can get really dull there. He is planning on getting married as soon as he gets back to civilization and is counting the months. I finally learned what AACS really means. The real meaning is Airways Air Communications Service. Andy has another meaning — ANXIOUSLY AWAITING CIVILIAN STATUS. Nuff said.

Had word from SKIP AMES of the U. S. Air Forces to be on the lookout for a tall lanky airman who would pay me a call on his way overseas in the next week or two depending on just when he got here. He will be at Parks Air Force Base for a few days prior to leaving for Japan and has promised to try and get time off long enough to renew his acquaintance with the many old friends he has in our town. I hope so too, as it not only has been a long time since I've seen Skip but it will be a very long time until I will see him again.

A/3c EDWARD HARPER of the U. S. Air Forces attached to the hospital at Lackland Air Force Base writes that contrary to all opinion it is not always fun to be the guy on the other end of the medical line. Eddie is the guy who keeps track of all the records of shots and things and he is working overtime to keep them straight. Nevertheless he still gets a beef from some of the fellows who have to take them over because they didn't take. Seems like they blame Ed but he really has nothing to do with it except keep records. Already he thinks overseas duty wouldn't be so bad.

News and Views

This item is for many of the trusting (souls) of our town. Seems that MISS SHARON CASAD of Flournoy street has been out of school quite a lot lately with an appendix that was kicking up a fuss. We all know that any youngster will stay home at the least provocation but sometimes it is very necessary. Sharon entered St. Lukes hospital Tuesday of this week for the removal of said appendix. She will probably be home tomorrow or the next day and will be out of school for at least another week. Get well soon, Sharon, all your many friends and neighbors are missing you.

Another young man of our town had a birthday last week. Little FRED HOBBS celebrated his sixth birthday with a party at which he played host to many of his playmates among whom were MICHEAL, JUDY and DEANE FAIRCHILD. Then in the evening all his aunts and uncles plus grandma and grandpa Hobbs came to see him. Happy birthday from all of us too, Freddie.

The FRIENDLY TWELVE, and there are only twelve of them, held their monthly meeting at the home of MRS. EVE HOBBS of Risel street on Thursday of this week. This was the occasion of a Valentine's party and much fun was had by all the ladies. From what I hear this bunch has the best time doing nothing and have been together for the longest of time.

Well, well, well. THE WANDERING HARLANS have finally decided to stop wandering. They are now ready to come home and will leave Arizona the first week in March. From there they will still take their time as they are stopping by the Grand Canyon, Boulder Dam and then Mexico before finally wending their weary way back to Daly City. They figure on being home by the 10th of March and all their many friends will be most glad to see them. That will make almost a year that they have wandered across the U. S. and back and they will most certainly have a treasure chest of memories to look back on when they finally do settle down.

There are a bunch of the neighbors who really have the good of the boys at Letterman hospital in their hearts. They have gotten together for a benefit for them. One of the ladies has donated a Jewelite gift set consisting of necklace, earrings, and bracelet which this group is going to sell chances on at 10 cents each or 3 for 25 cents. Anyone interested in this benefit for the boys in Letterman may find out all the details from LYNNE, the beautician of our town and one of the kindest and nicest neighbors of all. The phone at the shop is—PL. 5-0902 and the home phone is PL. 6-1856. All proceeds will go to help brighten the lives of the vets and believe me, neighbors, they can use the sunshine. They may not be your boys or mine—BUT THEY COULD BE.

Well, friends, as usual all things come to an end—even this column—and from the length of it this week it is about time! I really enjoy hearing from all the folks, and remember the phone is PL. 5-6482. I'll be listening for you. 'Bye now.

Rag Drive Planned By Hillside Parents

The Hillside unit of the Colma school is making plans to have a rag drive on Tuesday. Students have brought bags home to be filled with rags. Friends and neighbors are urged to help in this money making venture.

Since a large growth in the Colma student body is expected this spring, the PTA feels that all the help in this line would be greatly apreciated. "Ask your friends to do their Spring cleaning a little early this year," urges Mrs. Thomas Mullen, the chairman for the drive.

Mrs. A. J. Gaggero, president of the unit, thanked all mothers who have volunteered to help put out the school paper for the Colma student body. The mothers will be doing the typing for the student paper.

Improved medical and hospital care in the past decade has added to our life expectancy at a rate of about a month each year.

"Three Little Bears" Drama Re-enacted At Westlake Apartment

A whodunit bearing all the earmarks of the fabled "Three Little Bears" tale was revealed in Westlake this week.

Mary Martin, 38, a nurse who resides at 189 Crestwood drive, apt. 3, came home from work Sunday morning to find her coffee cup sitting on the table partially filled. When she left it had been sitting spic and span in the cupboard.

On investigating her clothes closet she found it had been thoroughly ransacked.

Then, on closer inspection, she found somebody had been sleeping in her bed.

Apparently, police said, the "Goldilocks" had entered through an unlocked window.

Nothing was missing from the apartment.

The titular head of the Druidic Order in California will be accompanied by several of the state grand officers, including 'Deputy Grand Arch Ernest Ardissone, Acting Grand Secretary E. N. Marelli, Grand Marshal Judge John R. Flor and Grand Guardian Albert Garibaldi.

The meeting is to be held at the Colombo hall in Colma and the Daly City and Colma members of the Druids have prepared a befitting reception for the occasion.

The social program is under the direction of Mr. Joseph Busino, and the official visit will be under the direction of Matteo Gena, Noble Arch of the grove, of Daly City.

The local members who will participate in this affair and who will assist Mr. Busino and Mr. Genna are Nicholas Leonoudakis, Frank Heinzle, William Phemister, Robert Hunter, O. Baldasseri and Frank Lagomarsino. Caesar Gracchi, Grand Trustee of the Druids and District Deputy of Olive Grove will also actively participate in the affair.

During the evening a discussion will be held concerning the coming "Hobby Show" which was started by the local Druids last year and which proved to be a great success. The hobby show is to be held at the community center in Daly City and Grand Guardian Albert Garibaldi predicts that the show, which will be held in the month of May this year, will surpass the show of 1953, which, at that time, had over 500 exhibits. The local school authorities are enthusiastic and greatly interested in the Druidic project which is put on for youth assistance.

Mr. Bacci will submit his program for the year on his visit here.

Olive Grove No. 116 has been very active in community affairs and the members also participate in the field of athletics, and have an active bowling team.

SCOUT TROOP 84 OFFICIALS ELECT NEW MEMBERS AT COMMITTEE MEET

A committee meeting of Troop 84 officials was held at the home of Frank Garritson for the purpose of electing new officers and getting the troop charter in order for 1954.

New officers for the year 1954 are as follows: Frank Garritson, committee chairman; Kenneth Hanson, as scoutmaster; Bill Spry, treasurer; Elman Rose, advancement chairman; Abe Gensel, secretary. Six more men are on the committee.

Troop meetings are held in the Broadmoor recreation center each Friday night from 7 p.m. to 8:30 p.m. Committeemen as well as scouts are invited and urged to attend these meetings so that they may become more familiar with the Boy Scout movement.

The troop had a booth at the Scout-O-Rama and their theme was neckerchief slides. Several of the committeemen furnished the equipment necessary for the use of the boys in making these slides and the troop was awarded a blue ribbon as a result of these efforts with a possible 34 out of 35 points. The committee thanked all hands for their part in this event with special thanks to the scoutmaster and the committee chairman for their untiring efforts in making this event a huge success.

Harold Brown is sponsoring a Scout to the camporee this summer and the troop is sending two boys. The two to be sponsored by the troop must have achieved outstanding records and several factors shall be taken into consideration. The two boys to be selected must have a perfect attendance at Scout and patrol meetings and maintain themselves as Scouts should, such as cleanliness, courtesy and merit badges.

A board of review will be conducted by Rose at the next regular meeting today (Friday). A court of honor is to be conducted on March 5, time and place to be determined at a later date.

PERSHING PTA WILL STAGE BAZAAR, FESTIVAL ON FRIDAY

San Francisco's Auto Show Opens

When San Francisco's 28th Annual Automobile Show opens its doors to the public on Saturday, February 13, Northern Californians are going to have some eye-popping opportunities to view cars which are being premiered not only on the west coast, but nationally.

These are not experimental cars only. Several of them are production models, and this includes foreign makes as well.

Chrysler will show its Thunderbolt, a special model for experimental purposes. Also from the Chrysler family, Dodge will present its sleek sports model, the Granada. This has the only one-piece plastic automobile body ever manufactured. It is mounted on a regular 114 inch chassis, and is powered by the standard 158 hp. V-8 Dodge engine. Another unique feature of this care is the fact that, although it is a sports model, it does have a rear seat.

Cadillac will offer its sparkling blue Le Mens convertible. Made of fiberglass, it's one of the most beautiful show cars in the country.

Among the foreign makes, a special Austin-Healey sports car will be displayed in addition to two brand new production models never before shown in the west. These are the MG Magnette sports sedan and the MG TF, a roadster.

Kaiser is reported to be planning to reveal its new version of the Darrin, and there will be a complete showing of the 1954 Kaiser line, which has not been introduced to date.

Among the first timers in American production models, Nash will lead the parade with two new cars, only one of which has been made known to the public up to now. The San Francisco Auto Show will have the honor of being the first to actually display the New Rambler Cross Country station wagon, which was announced last week. This is the four-door model with the bright chrome luggage rack on top, and with the body on the new 108 inch wheelbase introduced for the first time this year.

Nash's other production model must still remain a secret at this time, but it is something which economy-minded America has been waiting for. Its appearance will mark the national introduction.

All manufacturers will display models from each of their lines, and in some cases, they plan to display a complete series of all cars. Buick is known to be planning to show its complete Century series which it has put back on the market again for the first time since 1942.

Many of the cars are to be special show models with unusual equipment and appointments as well as colors which were made up especially for this show. This indicates to some degree the high esteem which the San Francisco display holds in the minds of the manufacturers.

WESTLAKE FIVE PACES OPENING OF REC LEAGUE

Westlake's B-team entry in the recreation department's northern county basketball league got off to a brisk start Saturday at the community center as they toppled Daly City, 28 to 18.

Steve Opperman paced the Westlakers with 16 points, while team mate Ross Holmgren was pouring through 10 markers, to rank second high in scoring for the afternoon.

Don Burley led the losers with seven points. In other B league games, Sharp Park swamped Colma, 37 to 8, while OLPH thumped Brisbane, 21 to 7. Jerry Kennedy and Joe Millett starred for OLPH with 9 and 8 points, respectively.

In the A league play Brisbane scored over Sharp Park, 17 to 7, and OLPH squeezed by Colma. Gene Premici led the losers with 10 points, while Joe Murphy tanked 8 for the victors.

In total league scoring to date, Westlake's Opperman and Holmgren stood on top with their Saturday efforts, while J. Kroprack of Sharp Park was tied for second, with 10 markers.

League Leading SFS Tips Off With Cal Aggies On Weekend

San Francisco State's basketball team, which is leading the Far Western Conference with six straight victories, meets the California Aggies this weekend. The Gators play host to the Aggies tonight in the new Lake Merced gymnasium, then travel to Davis for the Saturday game.

Coach Dan Farmer lost one player last week and gained two. Regular guard Bob Johnson was ruled ineligible because of scholastic reasons. Jim Cox, who had been averaging twenty points per game at Antelope Valley J. C., and Ron Rosenberg joined the squad. Rosenberg, former all-city star at Washington High in San Francisco, transferred in from Washington State a year ago and just became eligible.

Maury Duncan, Little All Coast quarterback for two years and one of the nation's top passers, will probably take Johnson's place in the starting line-up.

Also starting will be center Al Desin, the team's leading scorer, and forwards Glyden Mayfield and Henry Fort and Captain John Burton at guard.

COMMUNITY PRIDE

Clean highways and streets reflect community pride and alertness, states the California State Automobile Association. Motorists should help keep streets and highways unlittered by not tossing trash out of car windows.

Eisenhower Extends Greetings On 44th Scouts Anniversary

President Eisenhower, in his message Saturday to the Boy Scouts of America as their Honorary President, said, "America is grateful for the work of those volunteer leaders who, giving freely of their time, transmit to our youth values basic to good citizenship."

The Chief Executive told the 3,300,000 members of the organization that they "are respected and beloved by the nation" because of their contribution "to the moral strength of our Nation."

President Eisenhower's message for Boy Scout Week which opened February 6 and closes February 13, follows:

"To the Boy Scouts of America:

"My warmest greetings go to all of you as you celebrate the forty-fourth anniversary of your Movement. Those of you today active as Boy Scout and Boy Scout leaders, and those who represent the twenty-one million others who have taken the Boy Scout Pledge in the years since its founding in 1910, may be justly proud of the contribution of this organization to the moral strength of our Nation.

"It is because of this contribution that the Boy Scouts of America are respected and beloved by the Nation. America is also grateful for the work of those volunteer leaders who, giving freely of their time, transmit to our youth values basic to good citizenship. I am delighted, therefore, that during this anniversary the Unit leaders of the Movement are to be singled out for special recognition.

"To all the three million three hundred thousand Cub Scouts, Boy Scouts, Exnlorers and leaders, I extend cordial birthday greetings. You have my best wishes for the continued success of your current program — 'Forward on Liberty's Team.'"

Jefferson Varsity, 30s Score Wins Over San Mateo, HMB

DUAL KILLINGS PLACE BOTH SQUADS IN CONTENTION FOR DIVISION RACES

Back on the victory train again, Jefferson High school's varsity and lightweight basketball teams manhandled their last two opponents to remain right in the scramble for top PAL honors in both divisions.

Starting on the second half of the round-robin series Friday, both teams handily disposed of their San Mateo opponents, with the varsity gaining a 53-48 win, while the 30s were winning by a comparable margin of 43 to 37.

The Daly City squads took up where they left off again Tuesday against hapless Half Moon Bay, as the varsity drubbed the coastsiders, 64 to 43, and the Jeff lights waltzed to a 49-25 victory.

Against San Mateo, Coach Mike Orlich's Indian varsity started slow, trailing, 16 to 14, at the end of the first quarter. The second canto found Guard Tom Costello warming to the action, as he hit four in a row, via the long-distance stuff.

Stretch Lead

At half-time it was 28 to 26, Jefferson's advantage, and the locals stretched it to 44 to 39 at the close of the third quarter. In the No. 3 session it was Forward Don Delbon's turn to put on the shooting circus. The league's leading scorer nailed through five field goals in a row in that period. Reserve Forward Jerry With saw considerable action, as regular Ray Rosa was all inaccuracy.

Delbon totalled 19 points for the night, but Costello trailed by only one for scoring honors, as he displayed a variety of successful shots from all areas on the court.

Coach Tony Giammona's 30s put on their Sunday best to topple over a rough San Mateo outfit. Rich Watso, formerly a regular guard, was shifted to forward spot with remarkable results. He got 18 points for the evening and showed the crowd an amazing eye on the long shots.

It was all San Mateo the first period, as they led 14 to 9. Then the Jeff lights opened up full throttle in the next period to rack up 19 points, the most they have made this season in a single quarter.

Watso Shows Stuff

Watso was largely responsible for this second quarter flashy display of offense, as he potted four field goals, while Forward Bill Storch and Guard Al Lagomarsino were throwing in 5 and 4 points, respectively, to aid the cause.

Lagomarsino tanked a total of 11 for the night to rank runner-up for honors with Watso.

It's Delbon Again

Tuesday's game saw Delbon running wild again as he led the Jeff varsity to an easy win over Half Moon Bay, racking up 24 points. His total would have been even more impressive had he been "on" in the first half. The Jeff pacemaker scored only 4 points in the initial period, then knocked through 12 in the third period, 8 in the fourth, on his jump-shot specialty from the outer key.

The 30s also had it easy, as Watso and Lagomarsino poured on enough points to keep Half Moon Bay out of contention all the way.

Lagomarsino got 14, while thistime Watso was one point out, with 13.

Second For Both

The local varsity now holds down undisputed second place in league standings with a 7-1 record. Still on top is Capuchino, after knocking off San Mateo Tuesday, 38 to 35. The Cans also have 7 wins, but have suffered no losses.

The Daly City lights share second spot with Capuchino. Each have 6-2 marks. Leading the lightweight loop is South San Francisco with a 7-1 mark.

Tonight (Friday) the local teams will see action at the Sequoia High gym, facing Carlmont at 7:15 p.m.

In the first-half contest against Carlmont, both Daly City teams came out on top with a minimum of effort.

Nelson Fought Two Of Best Encounters In Old Colma Ring

One of boxing's most colorful fighters who staged two of his classic battles in Colma in 1908, died Sunday at the age of 71.

He was Oscar "Battling" Nelson, former world lightweight champion who was involved in two of the three greatest fights in ring annals.

The renowned battler who held the world championship from 1908 to 1910 died from senility, physicians said.

On July 4, 1908, Nelson challenged Joe Gans for the world title in a bout held in Colma and wrested the championship from Gans with a knockout in the 17th round.

Later, on September 9, the pair met again in Colma and Nelson retained his title with a KO in the 21st round.

Records Fly In DC Farm League Play

TROMBORG PULLS OFF SURPRISE AS THEY DUMP POLICEMEN IN WILD TILT

The past two sessions in Daly City Farm League basketball play at the community center found three new scoring records posted and saw the team that was groomed for the championship go down in defeat.

Thursday night Sarto A.C. treated Tromborg Plumbing rudely in the latter's opening game by topping the pipemen, 83 to 51. The total was the largest ever racked up in the history of the Daly City community center, as was Sarto's team score.

Largely responsible for this effort was Sarto's Babe Anguillo, who accounted for 32 points to set a new individual scoring high at the center. Anguillo, who played with the Jeff high 20s in the past campaign, dumped in 10 the first quarter, 8 the second, and 7 each in the two final periods. He hit on, as spectators put it, "everything in the book."

The outcome was never in doubt as Sarto took a 19-9 first period lead, and moved out, 39 to 25, at the first half's close.

Nary A Miss

Kelly Ellifson led the losers with a healthy 19 markers, while teammate Albery Dye was spectacular in hitting seven straight free throws and two field goals to compile 11 points. Dye never missed a shot in the evening's play.

Posting what will probably be the biggest upset of the season, Tromborg's returned with a vengeance in Monday's play to best the Daly City Police Department, 49 to 47, in a teeter-totter contest that wasn't decided until the final eight seconds.

Thomas Does It

Forward Kelly Thomas picked off a re-bound and plunked it in to give the plumbers their winning margin in the waning seconds.

The cops had been tabbed by "experts" in early season play to run off with title.

Elifson again paced Tromborg's, garnering 15 markers. Guard Don Sanders got 18 to lead the losers.

Tromborg's moved to an early lead, heading the gendarmes, 25 to 19, at half-time.

After that, it was close all the way. Loss of the coppers' ace guard Darrell Chapman for the evening hurt their cause.

Sartos Squelch Fire

In the other half of the Monday double bill, Sarto squelched the Daly City Fire Department, 53 to 37, to give themselves undisputed first place in the circuit with a 3-0 mark. Anguillo was right in the thick of things again, netting 17 tallies for the evening, while Larry Kennedy topped efforts for the firemen with 14.

In Thursday's other contest, Ralph's Cleaners made a rout of it against winless Gigli Plumbing, turning in a 58-34 victory. Ralph's Forward Jim Manor, playing his last game for the cleaning gang, potted 19 to win scoring honors. Minor has been drafted and will report sometime in the near future.

Center Wilbur Pierce added 17 to the Ralph's cause, while Phil Hughes was tops for Gigli, getting 15.

THUR MEATS STILL TOP BOWLING LEAGUE

Taking an easy pair of games from the Daly City-Colma Lions, Thur Meat Co. stayed on top of the heap Tuesday in the Daly City-Colma Bowling league at Brentwood.

The top keglers now have 37 wins, 23 losses.

Closing in the margin after Tuesday's play was Pearson & Rector, who took three straight from Adeline Market, former second-place team, to move into the runner-up spot with a 33-27 mark.

The only other triple-game sweep was turned in by Homes by Sterling, with Jack's Inn the victim.

Ralph's Cleaners only took a single game Tuesday but still managed to garner most of the individual and team honors.

The cleaners aggregation won high team series with a 2576, and copped second high team game with a 914. Lombardi's Auto was first in that department with a 931.

High individual game was grabbed off by Kennedy Electric's Bob Melani, who rolled a 233, while Ralph's Mike Orlich was right up there with a 226, good for second high.

Dick Keefer of Homes by Sterling rolled individual games of 223, 192 and 202 to claim high individual series with a 617.

Tuesday's play marked the 20th week of competition in the local league. Ten weeks of play remain.
